

Campanile

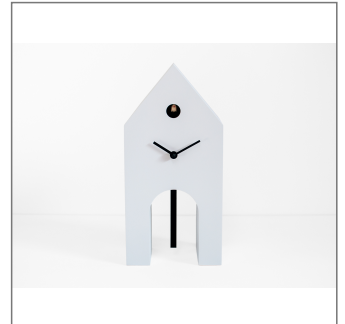

mod. 2510
design by Domenico Cimino

Colors:
white and black
black and gold

The Campanile cuckoo clock features simple geometric shapes skilfully combined by designer Domenico Cimino to create a harmonic whole. This extremely high quality product is made of wood coated with non-toxic paint. Used either wall mounted or free standing, it adapts admirably to any elegant environment. The high-quality, German-designed cuckoo movement is powered by two batteries, a light sensor prevents the cuckoo from calling when it is dark. A switch allows the sound to be regulated or switched off completely.
